PEACE MOVE IS SEEN IN AUSTRIAN CABINET SPLIT

Cabinet Shake-up Greatest Upheaval in Central Powers Since Beginning of War — New Ministers Appointed By King Joseph — Kaiser's Visit Said to Have Been to Keep Austria From Concluding a Separate Peace — Germany Said to Have Deadly Plans.

By Associated Press.
Amsterdam, December 1. — Reports that several members of the Austrian cabinet have resigned are confirmed by an autograph letter from Emperor Francis Joseph, published in a Vienna newspaper.

The emperor has accepted the resignations of Dr. Karl Heinold d'Unyski, minister of the interior; Dr. Rudolph Caster von Bonnot, minister of commerce, and Baron Engel von Mainfeldon, minister of finance.

Acceptance of these resignations is qualified with the proviso that the services of the retiring ministers are to be available if required.

Dr. Heinold and Baron Engel have been appointed members of the Upper House, while the rank of Freiherr has been conferred on Dr. Caster.

Prince Hohenlohe Schillingfuerst president of the Supreme Court of Accounts, has been appointed minister of the interior; Ritter von Leth, governor of the postal savings bank, minister of finance; and Herr von Spitzmiller, minister of commerce.

The first report of the resignation of the Austrian cabinet ministers came almost simultaneously with the visit to Vienna of Emperor William on Monday.

No authentic information has been received concerning the state of affairs, politically, which brought about the retirement of the ministers but their withdrawal and Emperor William's interview with Emperor Francis Joseph have given free rein to speculation concerning Austria's reported willingness to enter upon peace negotiations.

This is the most important change which has been made in any of the cabinets of the central powers during the war.

These cabinets, hitherto, have remained virtually intact, although coalition governments have been formed in England and France, and there have been a number of withdrawals from the Russian cabinet.

Rome, December 1. — "The real object of Emperor William's visit to Vienna was to put a stop to efforts Austria is making, by means of negotiations through Madrid with the Vatican, to obtain a separate peace with the quadruple entente," says the Tribune.

"Berlin desires to treat separately with each of the allies, so as to break up the quadruple entente, and then to crush England, but Vienna desires a real and lasting peace."

Paris, December 1. — Diplomatic circles at Rome believe, says a press dispatch that the visit of Emperor

SLEUTHS PROBE CONFESSION

By Associated Press.
Cleveland, December 1. — Federal and county officials today were investigating a "confession" which they said was made by Dr. E. W. Ritter, in which Ritter is said to have told of knowing of plots against munition factories in the United States.

Authorities say he declared he was the son of an Austrian count and a former officer in both the German and Austrian navies.

Ritter claims he is the inventor of "liquid fire," and that he has been experimenting extensively with it in the gas field.

19 BODIES ARE REMOVED

By Associated Press.

Boomer, W. Va., December 1. — The bodies of fourteen miners, who lost their lives in mine No. 2 of the Boomer Coal and Coke Company in an explosion which yesterday noon imperiled 300 men, were brought to the surface this morning and taken to the temporary morgue.

Soon afterward a rescue party came out with five other men. Five or six miners were still missing to-day.

Nineteen men are now known to be dead. Two more bodies were taken out before noon, and mine officials expressed the belief that no more bodies were in the workings.

ELECTION WILL BE CONTESTED

By Associated Press.
Toledo, December 1. — Attorney W. W. Cordill announced today that suit will be filed to contest the election of Mayor elect Milroy.

VILLA PLANS NEW RAIDS

By Associated Press.
Washington, December 1. — General Villa is said to be planning raids on American territory along the border, General Funston reported today.

SUFFS STRIKE!

New York, Dec. 1.—No organization, social or philanthropic, is to have any help from suffragists until the vote is won. At the reorganization committee meeting of the United Suffrage association at the Hotel Astor it was decided to have cards printed which suffrages will mail in reply to requests for support. The cards will read: "On account of the deferred enfranchisement of women, I am obliged to refuse your request. I ask you to help us to win the vote, that we may the sooner help you."

TWO POISONED

By Associated Press.
Cleveland, December 1.—Mrs. Julia Lazar and her two children were found writhing in agony on the floor of their home today and rushed to the hospital, where physicians found them suffering from poisoning. It is feared they will die. It is not known how they were poisoned.

SAFE CRACKED

By Associated Press.
Toledo, December 1. — Robbers blew the safe in the Henry County Bank, at Hamer, early today and escaped with \$2,000 cash, while villagers, aroused by the telephone operator, sent a hail of shots after them as they sped off in an automobile.

WILLEY TRIED TO GET MONEY

By Associated Press.
Bowling Green, O., December 1.—Discovery that John H. Willey, whose body was found hanging to a tree Sunday, had tried in vain to borrow money from several banks Saturday, strengthened belief of officials that he had committed suicide and had not been lynched.

MISS ADDAMS IS RECOVERING

By Associated Press.
Chicago, December 1.—The condition of Miss Jane Addams, who was taken to a hospital yesterday suffering from a nervous ailment, was improved today.

She said she hoped to join the Henry Ford European expedition after it reached Europe.

BRYAN TO JOIN FORD

New York, Dec. 1.—William J. Bryan has finally come out in favor of Henry Ford's plan to end the war by taking 200 American peace advocates to Europe on Saturday on the peace ship Oscar II. Not only does Mr. Bryan favor the plan, but he will probably join the party at its peace conference of neutral nations at The Hague, though he will be unable to sail on the Oscar II.

Mr. Bryan's telegram, received at the Ford peace headquarters from Miami, Fla., is as follows: "I am heartily in sympathy with your proposed peace plan. It is worthy of all praise and will, I trust, accomplish much good. I deeply appreciate the invitation and would accept without hesitation, but after earnest consideration of the subject am impressed with the belief that just now I can render a greater service here opposing the plan to commit this country to a large and definite increase in expenditures for the army and navy, a plan which would not only be oppressive to the taxpayers, but would, I believe, prove a menace to our nation's peace and influence. I hope it may be possible for me to join your party at The Hague, if not earlier. If agreeable to you, I shall come to New York Friday to explain more fully."

In addition to those already named the following will sail on the peace ship: President and Mrs. Starr Jordan of the Leland Stanford university; Dr. Wilfred Greenfell, Labrador missionary; Mrs. W. I. Thomas, Chicago, secretary of National Woman's Peace party; Ellis O. Jones, and Governor Hanna of North Dakota. Joan W. Wanamaker has not decided whether or not to make the trip.

A 300 word cablegram signed with Henry Ford's name was sent to Pope Benedict by Louis P. Lochner. The contents of the message was not given out.

THINK WOMAN WAS MURDERED

By Associated Press.
Steubenville, O., December 1.—County officials today were trying to determine whether murder, suicide or exposure was the cause of the death of Miss Ann Cobb, aged 35, of Smithfield, this county, whose body was found in the woods a half mile from her home today by farm hands.

Miss Cobb started to walk to Piney Fork, three miles from her home, yesterday morning. The authorities believe she was attacked and killed.

EXPLOSION IN ANOTHER MILL

By Associated Press.
Wilmington, Delaware, December 1.—There was a small explosion of smokeless powder early today at the Du Pont Powder plant at Carney's Point, N. J., across the Delaware river from this city.

No one was hurt, and the property damage was slight, company officials said.

The flash of the explosion, just at dawn, was seen by persons in this city, and the sound was heard plainly.

Company officials said the explosion was what is called a "flare-up" in a blending mill, but the few employees in the place were not touched by the blast.

Coming so closely after the terrible explosion of yesterday, in which 31 men and boys lost their lives, it caused some anxiety among residents in the neighborhood.

It was explained by company officials, however, that these "flare-ups" are of frequent occurrence.

There have been no more deaths among the five injured in the explosion of yesterday. It is feared, however, that several of them will die.

No statement was forthcoming from the company today as to the possible cause of yesterday's disaster. The officials are making a thorough investigation.

CORN BOYS MEET WILSON

By Associated Press.
Washington, December 1.—President Wilson today shook hands with several hundred boys, girls, men and women, who came here on the Ohio Corn Boys' Special. Secretary Houston greeted them earlier in the day.

WILSON ON EXPO.

Washington, Dec. 1.—President Wilson has written a sentiment expressive of the world service given by the Panama-Pacific exposition during the past year of war and tumult. This sentiment will be the central figure of the closing day ceremonies in San Francisco, and will be read at noon on the exposition grounds next Saturday, with the representatives of all participating nations and states represented. The exposition will close its gates at midnight next Saturday. It has been open since Feb. 20, a period of 288 days and longer than any other international exposition ever held. More than 18,000,000 people have passed through its gates.

WIRE FLASHES

Police found the mutilated body of Janitor Clarence Green in the basement of the Nicollet hotel, Chicago.

Mayor-elect Bernard Veit of Erie, Pa., who underwent an operation for appendicitis a few days ago, is dead.

Mrs. Harvey Nelson, sixty, was burned to death at her home near Gibsonburg, O., when her clothing caught fire from a stove.

Public school at Old Straitsville, Perry county, O., is situated on land that is undermined and the mine is on fire. The school may be closed.

John George, thirty, and Nick Carlos, thirty-two, section hands, were instantly killed by a Baltimore and Ohio train at a crossing in Akron, O.

George W. Arbaugh, a grocer, is dead at his home in Martins Ferry, O., after an attack of hiccoughs lasting several days. He survived a previous attack lasting continuously for two weeks.

DRY JAIL EMPTY

Cadiz, O., Dec. 1.—The Harrison county jail here is empty. This county was the "dryest" in the state at the recent prohibition election.

GREECE STUBBORNLY REFUSES CONCESSIONS

Allies Provoked By Dilly-Dallying of the Greeks—15,000 Serbs Taken Prisoner — Roumania Said to Have Promised Allies to Issue Ultimatum to Austria When Five Hundred Thousand Allied Troops Are Placed in Balkans.

By Associated Press.

London, December 1.—Greece steadfastly refuses to concede entire demands for the unrestricted use of the Greek port of Saloniki as a base, and, furthermore, declines to remove her army from Macedonia.

The fate of Monastir, reported to have fallen before the Bulgarians, still remains obscure.

Italian progress against the defenses of Gorizia is exceedingly slow.

The British steamship Kingsway has been sunk and five of her crew are missing.

Berlin, December 1.—German army headquarters announced today that with the capture of Prisrend, western Serbia, 15,000 Serbians were made prisoners.

London, December 1.—Roumania will deliver an ultimatum to Austria as soon as the entente allies concentrate 500,000 men in the Balkans, it is reported in Bucharest, says a dispatch from that city.

MEET WILSON

By Associated Press.

Washington, December 1.—Brand Whitlock, American minister to Belgium, had a conference with President Wilson today and will leave for his home in Toledo, Ohio, tomorrow morning.

ACTION DEFERRED

By Associated Press.

Washington, December 1.—Democrats of the Senate caucus today postponed until tomorrow action on a proposed rule to provide closure for debate. Election of a president pro tem also was deferred.

OSCAR HAS PLAN

Washington, Dec. 1.—Underwood, former legislative leader of the house and now a majority of the senate, favors a resolution calling for an investigation by a select committee of the Senate to determine the legality of the Panama Canal way regulation by the Commerce department. He said that Mr. Underwood would like an inquiry of the Senate to be conducted by a committee suggested by Senator George Borger of congress which would take over the matter. The purpose of such an investigation, as outlined by Mr. Underwood, would be to obtain data on which legislation might be based to improve the conditions under which the railroads of the country are now laboring.

INDIAN FILES SUIT

New York, Dec. 1.—Charles A. Bender, the Indian twirler who was dropped from the Baltimore Federals last August because, as the manager of the club declared, he did not keep himself in "good condition," brought a suit for breach of contract for \$8,663 against the Federal league.

KINSSELLA EXECUTED

NEW YORK, N. Y., Dec. 1.—Word has been received of the execution in England of a former West Point member of the army service detachment named Kinsella, convicted of being a German spy. He was arrested in England several months ago, his execution having been delayed by the interference by the American minister.

TEDDY'S REASONS

New York, Dec. 1.—Professor Samuel T. Dutton, secretary of the American committee for Armenian and Syrian relief, gave out a letter which he received from Colonel Roosevelt in response to a request that the former president speak at a mass meeting for the relief of the victims of the Armenian atrocities, to be held in this city soon.

Colonel Roosevelt's reply was an emphatic refusal to make any address before such a meeting, on the ground that this country, because of its adoption of the "principles of the peace at any price of the professional pacifist," has made itself ineffective for international righteousness, and that "any action it may take at any time toward this goal will bring upon us the derision of the world, which already looks upon us as a nation of poltroons and cowards, both because of our protestations of neutrality between right and wrong in Belgium and Armenia, and because of our shameful stand in Mexico."

Fostoria, O., Dec. 1.—Resolution for a Beal law election in Fostoria passed the city council, despite the protest by the city wet organization. The election date has been set for Dec. 30.

All of the never ending train of difficulty which usually confronts the innocent by-stander endeavoring to maintain neutrality between belligerents, are being encountered by the United States.

This nation is scarcely through with the work of straightening out one difficulty until another and more serious one demands attention. Scarcely is one of the belligerents correctly informed as to the rights and the demands of this nation and compelled to acknowledge those rights and accede to those demands 'ere the work must be begun all over again with another nation or sometimes with the same nation regarding another phase of transgressions.

Just now the treasury department of the national government is conducting a rigid investigation with a view to determining the ownership of the Zealandia. All because Great Britain has announced an intention to seize at sea all boats in which the Teutons have capital invested.

The claim of Great Britain in that regard is that the German government has purchased a considerable interest in the American merchant marine and is employing the American vessels it thereby controls to run the British blockade.

Action by Great Britain in pursuance of the announced intention will raise an interesting and troublesome question of right.

Whether the steamship companies organized under the law of the United States, which companies are controlled, by reason of ownership of the majority stock, by the German government or by individual citizens of the German empire, are neutral vessels or not is a matter which Great Britain has the right to very seriously question. If this nation insists that such companies are "citizens" of the United States and vessels owned by them are the vessels of a neutral nation, then the resourceful German has discovered a way through or a way around the great blockading wall which England has erected about Germany.

Upon first consideration it would seem that England's contention that such owned vessels are in fact the property of her enemy and have no right to fly the American flag and to demand the protection which that flag, properly hoisted, guarantees.

The problem is not without great difficulties and presents, in the final solution grave consequences.

The national administration, however, judging from the past, may be counted upon to gather together all the facts and arrive at a conclusion which the real facts will justify and having done that, to assume a position which will be founded on real right brushing aside the shadowy formalities which are often seized upon for the very purpose of obtaining an undue advantage, regardless of the complications that may follow to a friendly nation.

Some Real Winter

The first real winter weather of the season blew into this section Monday night on a through ticket from the bad weather factory at Medicine Hat.

The high winds and snow flurries were unmistakable evidences that this is winter time and not the season to expect much in the way of pleasant weather from the elements.

November, following the pattern cut by October, has been wonderfully kind to us. With the exception of a few days the weather of November has been all that could be asked and more than any one had a right to demand at this time of year. Scarcely a half dozen days during the whole month when folks could not enjoy themselves out of doors either walking or driving. The farmers too have been able to gather in the corn and haul it to market and to "break up" hundreds of acres of land in anticipation of the rush to get the corn crop in the ground early in the spring when good growing weather comes again.

Just in order, however, that we do not fall into the error of considering November weather this year as a pattern to be followed in future Novembers, claim a right to quiet, sunshiny weather at this season of the year and complain when we don't get it, during the last days of the month this blast was probably sent to us from out that great northwest.

November his smiled on us generously and we regret that the old month left with a scowl and a gruff manner, just in order that there be no misunderstandings.

Poetry For Today

HEARTS AT HOME.

All at home, my honey, 'round the old-time fireplace; Sky of frosty stars and all the wild winds in a race! Where may they be going on a wintery night like this? But somewhere there are roses that the winds forgot to kiss!

Somewhere, in a garden Beautiful and bright, The winds that love the roses Forget to kiss "good-night!"

All at home, my honey, in the love-light's beams; To the friendly talking fire let the children tell their dreams. And we—life's old-time lovers shall listen in the light That shines from love's first morning on the shadows of life's night.

And let the shadows gather, And let the night winds race To kiss once more the roses Where love first saw your face. —Atlanta Constitution.

Backward, Turn Backward,
Oh, Heat In Your Flight

So sings the "little furnace" in the Estate Hot Storm, as it catches the upward rushing heat, blocks its escape, and hurls it back against the radiating surfaces of the stove.

This is Conservation—with a capital "C"! For the heat that is wasted in the ordinary stove—fully utilized in the Estate Hot Storm—has been proven by careful tests to be from 50 to 75% of all the heat generated from the coal.

**THE
Estate
Hot Storm**

is something more than a heating stove—it is a stove and a furnace in one. Even without the furnace feature, it would be far superior to any ordinary stove; with it, it is simply incomparable.

See the Estate Hot Storm, and the many other styles of Estate Stoves, at our store. You'll see, then, why we urge you to "Own an Estate."

MURRY IS RECOMMENDED FOR LOCAL POSTOFFICE

Senator Pomerene Sends the Name of Sherman A. Murry to President Recommendation Yet to Be Ratified By Congress—Vacancy on 20th of This Month.

Dispatches from Washington, D. C. state that United States Senator Pomerene has sent to Postmaster General Burleson recommendations for the appointment of eight postmasters in Ohio towns and cities, including the name of Sherman A. Murry for the Washington C. H. office, to succeed J. H. Culhan whose term expires December 20th.

Regarding the recommendation of Mr. Murry, a Washington dispatch says in part:

"Murry was supported by many petitions and by former Congressman J. D. Post. Senator Pomerene called attention to the fact that Post had been a strong administration man when in Congress and that his wishes regarding a Postmaster in his home town should be given much weight."

The next formal step toward confirming the recommendation of Mr. Murry will be the ratification by Congress, and this is expected early in the session of Congress so that Mr. Murry may have his credentials by the time the present incumbent's term expires on December 20th.

Harry E. Rice was recommended for appointment at Xenia, where the incumbent's term expires December 20th.

The other recommendations were for Newton Falls, Toronto, Wellington, Bethesda, Bridgeport and Belmont.

HOW THE TWO-MILL ROAD LEVY WILL BE DIVIDED

Interesting Figures Obtained From County Treasurer Show What Each Township in County Will Receive of Each Installment of the Road Levy—\$8,446.24 Paid in By Washington Goes to Union Township.

The books of County Treasurer A. W. Duff are now open for collection of the December installment of taxes and complete figures obtained at the office show that the first half of the two-mill road levy totals \$39,049.93, and the total of the two mill levy for the first year (including the June collection of next year) will reach \$78,099.86.

This amount will be distributed among the various townships for

BURNS AGENCY SENDS PHOTO

A photograph, purporting to be that of T. L. Barger and the woman who is alleged to have been with him in a recent western trip, has been forwarded by the Burns Detective Agency to local attorneys, and Mrs. Barger very readily identified the photograph of the man as that of her husband.

The photograph, it is claimed, is one of three taken of the couple while they were in Los Angeles, and was taken at 1:15 p. m., Monday, November 22nd, at the corner of Seventh and Spring streets.

The woman with the man whom the wife has identified as Barger, is said to show even plainer than the man, and is walking along the street with her arm linked into the arm of the man. The manner in which both are dressed is said to show with distinctness, and the picture of the subjects themselves are eight or nine inches in length.

The Burns operative who is shadowing the couple, is plainly discernible in the background. The name of the bank on the corner shows with great distinctness. The photograph is a "close-up" and is about 8 by 10 inches.

It is claimed that persons who have seen the photograph have no hesitancy in identifying the two persons in the picture.

FIRE STARTED BY BURNING GAS JET

A cottage on Broadway occupied by Milton Kershner and family, and owned by H. C. Ireland, was badly damaged by fire about seven o'clock Tuesday evening, and it is supposed the fire originated from a gas jet which probably had been too close to some inflammable material.

Much of the roof was burned away and considerable damage was done to the furniture and household effects by the water thrown to extinguish the fire.

Mrs. Kershner, unable to walk, was carried across the street to neighbors. Both Mr. Kershner and Mr. Ireland carry insurance which will go far toward eliminating loss from damage done by the fire.

Both the home physician, Dr. L. M. McFadden, and Dr. R. M. Hughey, specialist, went over all the children thoroughly, correcting defects and giving the children the proper treatment to put them in the best physical condition.

COMMISSION ON NORMAL SCHOOL SITE REPORTS

Recommendation for New State Normal Site Now in Hands of Governor Willis Comprehensive Questionnaire Allowed Weak Communities to Eliminate Themselves By Statement of What Each Had to Offered.

The commission named by Governor Willis to select a site for the new Eastern Ohio Normal School, to be erected by the state, has filed its report with Governor Willis, and the report is expected to be made public within the next 24 hours.

The commission, of which Supt. William McClain of this city is the president, has spent considerable time looking over prospective sites, has carefully considered all available sites after excluding those offered which were not possessed of advantages to make them desirable.

To all the towns and cities applying to have the new Normal School located within their borders, the commission sent a most comprehensive questionnaire, and by the answers to the large number of questions asked, the commission was able to determine which corporations in Eastern Ohio possessed the greatest facilities and offered the greatest inducements to obtain the new Normal school so that the choice of the commission

really very highly complements the city chosen for the new Normal.

The questionnaire was so comprehensive that communities eliminated themselves by the answers given each of the questions asked concerning some point for the good of the new institution.

In addition to Supt. McClain the commission is composed of Messrs William C. Dietrich, secretary, of Piqua; Geo. W. Bowers, Ashville; O. J. Dodge, Delta; Geo. A. Shauft, er, Ottawa.

In Social Circles

Tuesday night's meeting of the Browning Club, in charge of the Art Department, Mrs. Elmer Jink chairman, was ripe with interest.

"Nature is the Art of God," was the beautiful quotation in accord with the department.

The chief business of the evening was in connection with the selling of the red cross seals. This sale will be in charge of the heads of the different departments.

In connection with this work which has been so influential in the bringing to this city of a city nurse, Miss Sutton, the visiting nurse made a talk, startling in its presentation of the needs of such efforts in Washington.

In the past ten months Miss Sutton has made 1800 visits. She has found 60 cases of incipient tuberculosis—cases that can be cured with proper attention and care and where it is important to prevent infection. A number of cases of well developed tuberculosis have been sent to the sanitarium and in every case decided improvement has been shown.

The intrepid nurse finds great opportunity for workers in the community.

Mrs. Loa Gray gave a delightful talk on "Mammoth Caves," her personal experiences in a visit there

lending force to her graphic description. The trip is not an expensive one and Mrs. Gray's sketch of the wonderful scenic beauties of this "subterranean city" will encourage future trips among her hearers.

Mrs. P. J. Hennessy gave an elaborate and very interesting account of the State Federation meeting of Women's Clubs which she attended in Toledo.

Mrs. Hennessy not only covered the entire program and business of the Federation, but also gave a delightful recontre of the social features.

The residence of Rev. and Mrs. Blackwell was the scene of a very pretty wedding Tuesday afternoon, the contracting parties being Mr. C. W. Cartwright of Columbus, Ohio, and Miss Nora M. Mitchel, Staunton.

Mrs. Blackwell officiated with the ceremonies.

The bride and bridegroom were accompanied by Mrs. McBeth, sister of the groom, and Miss Mitchell, sister of the bride. The bride looked very charming in a traveling suit of green broadcloth with furs and hat of white.

They left in the evening for a honeymoon trip through the west after which they will be at home to their friends in the Capital City.

ANDERS FILES ANSWER TODAY

Member of County Board of School Examiners Whose Eligibility to Hold Office is Questioned, Makes Reply to Charges—Case in the Court of Appeals.

Charles L. Anders, member of the County Board of School Examiners, whose eligibility to hold office has been questioned in a suit filed in the court of appeals, has filed his answer to the charges, being represented by Post and Reid.

Mr. Anders denies that he has been usurping the office since his appointment August 31, 1915; denies that he was appointed by the Board of Education on August 31, 1914, for the period of one year, and claims that he was appointed as a teacher, having qualified as such under Section 7811 of the Ohio laws.

In conclusion the defendant says in his reply that:

He further alleges that prior to said date he had been duly appointed to the office of county school examiner by the Probate Judge of said county; that his term under such appointment expired on the 31st day of Aug., 1915; that theretofore one Brice Bell had been appointed by the Probate Court of said county as a member of said board; that prior to said date one Frank M. Allen had been appointed by the County Board of Education, county superintendent of schools, and by virtue of his said office, was a member of said board; that said Bell pretended to hold his said office solely by virtue of said appointment and was not a district superintendent of any of the rural school districts in said county.

PHOTOGRAPH OF THE
CENTRAL STEEL COMPANY'S
PLANT at MASSILLON, OHIO
Showing South half of Plant up to the General Office
Building. Total length of building, 2350 feet—eight
ordinary City Blocks.

A Great Steel Unit

ABOVE is a photograph, taken last week of The Central Steel Company's Plant at Massillon, Ohio; below is a similar picture of The Massillon Rolling Mill Company. These two Plants, which immediately adjoin each other, represent a common interest, inasmuch as the control of the Common Stock of The Central Steel Company is owned by The Massillon Rolling Mill Company.

The Central Steel Company

The Central Steel Company is said to be one of the finest steel plants of its size in the United States. It is electrically equipped throughout and uses gas fuel in its open hearth furnaces. It was built and equipped during the business depression of last year and, because of low prices then prevailing, a saving of a half million dollars was effected over normal structural costs. The Company's capacity output is sold up to the end of the first quarter of 1916.

The Massillon Rolling Mill Company

The Massillon Rolling Mill Company operates one of the largest mills in the United States that specializes in high-grade sheet steels. A large proportion of its total output is under contract for years in advance and the balance of its capacity has for some time been unequal to the demand for its highly specialized product. Through its control of The Central Steel Company it has a most reliable and convenient

source of raw material which it gets without freight costs and without the necessity for analysis.

The combined investment in the two Companies is five million dollars. They have at present an annual output capacity of 285,000 tons, valued at ten million dollars. The plant sites contain 134 acres and more than 1,200 men are employed.

In connection with this brief description of two of the truly splendid group of industrial plants financed by The Geiger-Jones Company, the resolution adopted November 23rd by The Massillon Chamber of Commerce will be of interest.

Resolution of Massillon Chamber of Commerce

Resolved, that The Massillon Chamber of Commerce deplores the attacks made against The Geiger-Jones Company which has assisted Massillon industries so greatly, and hereby registers its protest against a continuation of these attacks, which it considers unfair and unjust; and that it hereby extends to The Geiger-Jones Company, The Massillon Rolling Mill Company, The Central Steel Company, and The American Stamping & Enameling Company a vote of confidence in the conduct and management of their affairs.

MUCH PAVING NEXT SPRING

Legislation is being completed by the City Council for a number of paving improvements to be opened next spring, and it is expected that the amount of street paving next year will equal or exceed that of this year.

At the present time legislation has all but been completed for the paving of Columbus avenue from the intersection of Court street to the culvert at the corner of the old fair grounds.

Main street is to be paved from the Pennsylvania railroad to Elm street.

Hinde street is to be paved from West Court street to the Concrete bridge over Paint creek.

The longest single piece of paving is Paint street, from the B. and O. station to Lewis street. Yeoman street will be macadamized. It is expected that Fayette street will be paved from East street to a point near the corporation line, either next year or the year following.

FRANKFORT MAN IS SENT TO THE WORKS

Barney Fowler, of Frankfort, faced Mayor Cahill in Chillicothe, this week, and was given six months in the Xenia workhouse and a \$200 fine for an offense committed in Frankfort a few days ago.

He has served time for the same offense committed in Cincinnati. Frankfort citizens are hoping he will never return to that place.

CALL BOYS OF 18

Paris, Dec. 1.—France has called boys of 18 to the colors. The chamber of deputies passed a bill providing for such a call, and 250,000 youths are now subject to military service. They represent the class of 1917. War Minister Gallieni has promised to use them on the firing line only in case they are needed imperatively.

COMPOUNDED quarterly at 7 per cent. (the way dividends are paid on Geiger-Jones preferred stocks) \$500 will amount to \$100 in 9 years, 11 months and 20 days. The industrial preferred stocks sold by the Geiger-Jones Company are the safest and most convenient method in the world for investing money to yield 7 percent.

BIG CARNIVAL IN FULL SWING

The Y. M. C. A. building had been transformed into a maze of brilliant light and color for the Annual Carnival, which opened Wednesday under the auspices of the Ladies' Auxiliary, of the Y. M. C. A.

The national colors flaming in "Old Glory," and bunting formed the background for the big center reception hall and the picturesque booths opening off of it and through the adjoining rooms of both the main building and the annex.

Christmas decorations of tinsel, green and scarlet bells largely prevailed in the elaborate decorations of the booths.

The tea room, in artistic Dutch decorations, with immense bed of scarlet and yellow tulips in the center, is an immensely popular place, in charge of Mrs. Fred West and Miss

Art Exhibit

The third annual High School Art Exhibit, under the auspices of the Forum Literary Society, was opened at noon Wednesday at the High school building.

The 1915 art exhibit is confined entirely to the work of American artists. The former exhibits covered world wide art.

Leading American artists—Abbey Alexander, Blashfield, Inness, Blum, Simmons, Wm. Morris Hunt, St. Gaudens, Thayer, LaFarge and others contribute this exhibit of really fine pictures. Among the most noted works of art are "Idyls of the King," "The Castle of the Maidens," "The Knighting of Sir Galahad," "The Round Table;" two of Abbey's favorites; Blashfield's "Washington;" Alexander's six paintings under the head of "The Making of a Book;" Gauden's "Sherman," and "Shaw Memorial;" Simon's "Return of the Flag;" Pape's "Napoleon."

Part of the pictures are in colors and part in sepia. The exhibit will continue until Saturday evening.

ANNUAL ELECTION WELFARE ASSOCIATION

The Annual Meeting of the Welfare Association for the election of officers will be held Sunday afternoon, December 5th, at 3 o'clock, in Memorial Hall.

It is earnestly hoped that all members and those interested in the charitable work of this organization will attend and help in the formation of plans for the work of the coming year.

THURSDAY OBSERVED AS DAY OF PRAYER

Thursday, December the second, will be observed as a day of prayer for the National Constitutional Prohibition Amendment all over the United States.

Although there will be no special services held in this city on that day, it is hoped that the cause of temperance will be observed and remembered in prayer by all who are interested in this cause.
